

G-MAW

The company's plan is to prevent the damage caused by enhanced greenhouse effect. One of our beliefs is that technology is not meant to take us back from the future to the past. So, we should come up with better ideas instead of going back to old ways.

About G-MAW

Our company focuses on coming up with new ideas that are Carbon free or at best CFCs free, and executing them. The company will also come up with better ideas that are better than the ones we are already using.
